Projects

Mutex Projects

- Jyotish Sastra App Design ([Jyotish Sastra Figma](#))
- Parlour App Design ([Parlour App Design](#))

Ecommerce-Web

- Website with the fully responsible on cross platform.
- Deployed on Vercel. [[Visit](#)]
- Github [[View Code](#)]

GigParcel - Cross Platform Parcel Delivery App

- Successfully presented and defended GigParcel as a final year project, demonstrating technical expertise.
- Supportive roles on UI Designing and Developing.
- Github [[View Code](#)]

Projects That Fueled My Motivation

- **5-mini Projects:** Developed and maintained a suite of mini projects, including a Weather App, Login Form, To-Do List, Book API, Recipe Finder, Portfolio and other recent project on Github. These projects enhanced my frontend skills and improved reporting efficiency, delivering a smooth user experience.[[Github](#)]
- **Aangan Restaurant :** Currently developing a restaurant web app that allows users to place delivery orders and make online payments through a QR-based system, aligning with the client's evolving vision and requirements..

[Aangan Restaurant Demo](#)

Engineered the full project architecture, delivering robust, scalable solutions that significantly enhanced client satisfaction.
